

Veronika

Worked on UI for the voting page

Instead of using UI icon, just going to download the image and continually work on UI

Vector package is broken

Alan

Tried the Marks' code

Working on the voting page

No road block

Jason

Working on the "done" button

Continue working the "done" button

No road block

Yasin

Worked the dropdown option.

Will continually work on the dropdown option ranking number

Didn't have enough time because of other classes

Mark

Figured the geo location and yelp API search

will figure how to connect Yelp URL of the search to firebase

Geo location
