

Scrum Notes 2019-11-5

Mark

I was able to connect to Yelp api
How geo location and react work
health

Veronika

Looking the UI stuff for the voting page
Continue working on the UI stuff
Time midterm

Jason

Got the list pull from database
Done button that allows users to submit their option and vote
Time midterm

Alan

Same thing as jason did
Working on the voting
Time midterm and assignment for other class

Yasin

Worked on integrating the pretty UI branch with master
Will work on user should only be able to vote 1 to n for n options
React native and firebase
