Sprint 4 Plan
ArBit | Twelve Articles | Nov 3rd | 1.0 | Nov 18

- **Goals:**
  - Nice interface with icons and back button functionality.

- **Task listing, organized by user story:**

  - **User story :** *As a user, I want to be able to delete my choice so that I can have freedom of will.*
    - Task 1: Tie a choice with a user so user can only delete their own choice
    - Task 2: Delete choice from option list and from firebase
    - Task 3: Once a choice deleted, it should be updated at other's front end

  - **User story :** *As a user, I want a nice, friendly and intuitive interface*
    - Task 1: Add icons to delete buttons instead of just 'x'
    - Task 2: Back button in the voting page
    - Task 3: Delete room from Firebase after it has served its purpose

  - **User story :** *As a user, I want to see some thumbnail of my option*
    - Task 1: Add thumbnail for option using yelp img
    - Task 2: Make option clickable and open on yelp
    - Task 3: Make option appear as a nice little card

  - **Interfrastructures / Spikes:**
    - Task 1: Learn how to delete stuff from firebase
