Alan

 I was thinking and designing on pop up window
 I will work on implementing on this
 Firebase and React-native

Jason

 I was working on vote box, only each user makes one vote
 I will continually working vote box
 Nothing or Time

Mark

 I was thinking about the firebase and put the option list for each user
 I will implement that feature
 Javascript and React

Veronika

 I was trying to figure out how to pull data from the data
 I will work on retrieve each vote for each user
 Firebase

Yasin

 I was working on the task 3 for the voting options
 I will work continually work on this task
 Time and midterms from other class.
